

WHY LCG DISCOVERY?

Eliminate Cost, Complexity, and Compromise associated with **Employee Data Theft** and **IP Protection**.

Right now employees are stealing proprietary information, competitive advantage, and business value. Recent studies* detail the following statistics affecting you:

- 70% of business value is directly linked to intellectual property value
- 50% of departing employees admit to stealing intellectual property
- Of the 50% who admit stealing, 67% use the IP to secure a new job
- Of the 50% who admit stealing, 40% use the IP in their new job

A theft or loss event is an immediate expense, time consumer, and complex problem, often full of compromises along the way.

LCG Discovery Experts eliminates cost, complexity, and compromise—before or after an event. You have the **right information**, the **right insights**, and the **right preparation**, at the **right time**, to mitigate insider data theft loss and protect valuable business intellectual property. Ensuring you identify and protect against theft before it happens. It's that simple.
